This application is in condition for allowance except for the following formal matters:

Figure 1 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

The disclosure is objected to because of the following informalities: There is a lack of appropriate "Headings" within the Specification, such as, "Background of the Invention", "Summary", "Brief Description of the Drawings" and "Detailed Description".

Appropriate correction is required.

Claims 12-14 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form. Claim 12 depends from Claim 4 and is a duplicate claim of Claim 4; Claim 13 depends from Claim 5 and is a duplicate claim of Claim 5 and Claim 14 depends from Claim 9 and is a duplicate claim of Claim 9.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The Examiner will include Reasons for Allowance at the actual time of Allowance.
